COUNCILMEMBER PETERS' RECOMMENDATION:

Adopt the following resolution:

(R-2004-15)

Commending Kids Can Do for providing children a voice in matters of government and policy.

Proclaiming December 8, 2003 to be "Kids Can Do Day" in the City of San Diego.

REQUEST FOR CONTINUANCE

The Council will now consider requests to continue specific items.

CONSENT ITEMS

The following listed items are considered to be routine, and the appropriate Environmental Impact Reports have been considered. These items are indicated on the docket by a preceding asterisk (*).

ORDINANCE INTRODUCED AT A PREVIOUS MEETING, READY FOR DISPENSING WITH THE READING AND ADOPTION:

Item 50.

ORDINANCES TO BE INTRODUCED:

Items 51, 52, 53, and 54.

RESOLUTIONS TO BE ADOPTED:

Items 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, and 126.

ADOPTION AGENDA, CONSENT ITEMS

ORDINANCE INTRODUCED AT A PREVIOUS MEETING, READY FOR DISPENSING
WITH THE READING AND ADOPTION:

* ITEM-50: Amending the Time Warner Cable Franchise Agreement.

CITY COUNCIL'S RECOMMENDATION:

Adopt the following ordinance which was introduced on 11/24/2003. (Council voted
9-0):

(O-2004-17)

Amending the Franchise Granted in Ordinance O-15213 to American Television
and Communications Corporation and subsequently transferred to Time Warner
Cable.

NOTE: 6 votes required pursuant to Section 103 of the City Charter.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

ORDINANCES TO BE INTRODUCED:

- * ITEM-51: Exempting One of a Program Manager Position from the Classified Service at Qualcomm Stadium.

CITY MANAGER'S RECOMMENDATION:

Introduce the following ordinance:

(O-2004-63)

Introduction of an Ordinance exempting a Program Manager position at Qualcomm Stadium from the classified service and declaring it to be in the unclassified service of the City of San Diego, pursuant to the San Diego Charter Section 117(a)17.

CITY MANAGER SUPPORTING INFORMATION:

On October 16, 2003, the Civil Service Commission reviewed a request from the Stadium to exempt a Program Manager Position from the Classified Service. The position will serve as the Marketing Manager for Qualcomm Stadium and will develop and implement a Marketing Plan for the Stadium for the post baseball era. Additionally, the position will be involved in all aspects of Stadium Management as Assistant to the Stadium Manager.

Charter Section 117 states that the Unclassified Service shall include "managerial employees having significant responsibilities for formulating and administering department policies and programs. Each such position shall be exempt from the Classified Service by ordinance, upon the initiation of the appropriate appointing authority and after receiving the advisory review and comment of the Civil Service Commission and approval of the City Council."

Upon review of the duties and responsibilities of this position, the Commission finds that it meets the intent of Charter Section 117.

FISCAL IMPACT:

The Program Manager position is currently budgeted in the Stadium Operations Fund and replaces the Assistant Stadium Manager Position so there is no increase in the budget.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

* ITEM-52: Dedicating City-Owned Land as Public Park – Home Avenue Park Site.

(Mid-City and City Heights Community Areas. District-4.)

CITY MANAGER'S RECOMMENDATION:

Introduce the following ordinance:

(O-2004-66)

Introduction of an Ordinance setting aside and dedicating City-owned land, known as Home Avenue Park Site in the City of San Diego, California, for a public park.

CITY MANAGER SUPPORTING INFORMATION:

The City Progress Guide and General Plan population-based guidelines recommend that neighborhood and community park land be provided at the rate of approximately 2.8 acres per thousand (1,000) population. According to the SANDAG 2002 population estimates, the Mid-City Community has a park acreage deficiency of approximately 120 acres. On September 23, 2003, City Council authorized the acquisition of 5.76 acres, located in the 4600 block of Home Avenue in the community of City Heights, for park purposes.

City Charter Section 55 mandates protection of dedicated park, recreation and cemeteries against any other use other than for park, recreation, and cemetery purposes without a two-thirds (2/3) vote of the qualified electorate. Council Policy 700-17, Policy on dedication and designation of park lands, mandates that all land acquired for resource-based or population-based park and open space purposes shall be dedicated by ordinance, pursuant to Charter Section 55 of the Municipal Code. The Council Policy outlines the process for dedication or designation of park and open space lands, and the criteria by which land should be considered for dedication or designation. Specifically, the following affirmative conditions must exist prior to dedication of park land:

- 1) The Park Service District appears to contain no other alternative park site; and
- 2) The population has reached the population minimum stated in the City's Progress Guide and General Plan; and
- 3) The Park and Recreation Board, City Manager and/or City Council has determined that there are no unusual circumstances which indicate dedication consideration should be deferred.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

* ITEM-52: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

In accordance with Charter Section 55 and Council Policy 700-17, on September 18, 2003, the Park and Recreation Board reviewed the subject park site to determine whether it meets the criteria for dedication. The Park and Recreation Board determined that the proposed park site meets these criteria and has recommended dedication by City Council.

This action does not name the park in order to permit flexibility in naming the park in the future. Therefore, this property is referred to as Home Avenue Park Site and Home Avenue APN: 476-581-02-00.

FISCAL IMPACT:

None. This action is concerned only with dedicating City park land.

Herring/Oppenheim/AP

* ITEM-53: Exempting One Program Manager Position from the Classified Service for the Water Department.

(See memorandums from Rich Snapper dated 10/23/2003 and 10/10/2003.)

CITY MANAGER'S RECOMMENDATION:

Introduce the following ordinance:

(O-2004-62)

Introduction of an Ordinance exempting the position of Program Manager from the classified service for the Water Department and declaring it to be in the unclassified service of the City of San Diego, pursuant to San Diego Charter Section 117(a)17.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

ORDINANCES TO BE INTRODUCED: (Continued)

* ITEM-53: (Continued)

CITY MANAGER SUPPORTING INFORMATION:

The City Council adopted the Water Department's budget for Fiscal Year 2004, the new budget included the addition of a Deputy Director position for coordination of the Community Forest Initiative and water conservation measures attributed to the planting of trees in the City of San Diego. On October 16, 2003, the Civil Service Commission reviewed a request to exempt a Program Manager position from the classified service and voted unanimously to support the exemption of the position.

FISCAL IMPACT:

The total estimated fiscal impact is \$145,613 as reflected in the Council approved Fiscal Year 2004 Water Department budget.

* ITEM-54: Amending the San Diego Municipal Code Relating to Installation of Fire Sprinklers in High-Rise Buildings.

(See City Manager Report CMR-03-249. Centre City Community Area. District-2.)

CITY MANAGER'S RECOMMENDATION:

Introduce the following ordinance:

(O-2004-78 Cor. Copy)

Amending Chapter 5, Article 5, Division 10 of the San Diego Municipal Code by amending, Section 55.1003, pertaining to Fire Protection and Prevention.

ADOPTION AGENDA, CONSENT ITEMS

RESOLUTIONS:

- * ITEM-100: Approving the Plans and Specifications and Inviting Bids for the Construction of Otay Mesa/Nestor Branch Library.

(Otay Mesa/Nestor Community Area. District-8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-627)

Approving the plans and specifications for the Construction of the Otay Mesa/Nestor Branch Library (Project) on Work Order No. 350870;

Authorizing the City Manager to award the Project contract to the lowest responsible and reliable bidder in an amount not to exceed \$2,600,000, provided that the City Auditor and Comptroller first furnishes one or more certificates certifying that the funds necessary for expenditure are, or will be, on deposit with the City Treasurer;

RESOLUTIONS: (Continued)

* ITEM-100: (Continued)

CITY MANAGER SUPPORTING INFORMATION:

The existing Otay Nestor Branch Library located at 3003 Coronado Ave., was built in 1985. The Otay Mesa/East Branch Library will not be constructed until the population levels in the Community reaches approximately 18,000 persons. The expansion of the Otay Mesa/Nestor will minimize impacts on neighboring community facilities and provide initial service to the Otay Mesa community.

The project consists of renovation and repair of the existing 10,000 sq. ft. library and the design and construction of a 5,000 sq. ft. expansion that will accommodate the additional program requirements for the facility, and to provide more space to serve this growing community. The program will include a computer lab, expanded book stacks, a 150 seat multi-purpose meeting room, a seminar room, a new front desk/reception area, branch manager's office and expanded support facilities such as staff and public restrooms, and a new mechanical room. This project also provides additional parking for the new facility by reconfiguring the existing lot and expanding it where possible.

FISCAL IMPACT:

The total project cost is estimated at \$3,163,500, funds are available in CIP-35-087.0, Otay Mesa/Nestor Branch Library.

RESOLUTIONS: (Continued)

- * ITEM-101: Approving the Plans and Specifications and Inviting Bids for the Construction of Rubberized Emulsion Aggregate Slurry Coating of Various Streets City Wide, Group S-8.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-611)

Approving the plans and specifications for the construction of Rubberized Emulsion Aggregate Slurry Coating of Various Streets City Wide, Group S-8 (Project) on Work Order No. 576510;

Authorizing the City Manager, after advertising for bids in accordance with law, to award the Project contract to the lowest responsible and reliable bidder in an amount not to exceed \$1,582,000, provided that the City Auditor and Comptroller first furnishes one or more certificates certifying that the funds necessary for expenditure are, or will be, on deposit with the City Treasurer;

Authorizing the expenditure of a total amount not to exceed \$1,680,875 from Street Division Operating Fund No. 10440, for the purpose of providing funds for the Project and related costs, provided that the City Auditor and Comptroller first furnishes one or more certificates certifying that the funds are, or will be, on deposit with the City Treasurer;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves. (BID-K041662C)

CITY MANAGER SUPPORTING INFORMATION:

This Slurry Seal contract is part of the City's annual street maintenance program. Slurry Seal is a pavement surface treatment applied as part of a comprehensive pavement maintenance program. It is used on streets which are in good condition to protect them from deterioration. The Street Division uses Rubberized Emulsion Aggregate Slurry (REAS). This type of Slurry Seal coating lasts longer, resists damage better from water /rain, and stays black in color longer. Slurry Sealing, when used in a timely manner can be very effective in reducing the need for later more expensive pavement repairs.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-101: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

The proposed contract provides for the sealing of approximately 55 miles throughout the city. Locations for Slurry Seal coating are chosen through the use of annual surveys, and the City's Pavement Management System, using the following criteria: age, oxidation, cracking, and amount of traffic carried. Based on these criteria, a preliminary list of locations has been identified. However, in an effort to coordinate with underground utility work, the list of locations for this project will not be finalized until just prior to the start of the contract. Construction is expected to begin in February of 2004, and will take approximately two months. The Mayor and Council will be provided with the final list of streets as soon as it is available.

In addition to the construction contract of \$1,582,000, the following costs will be funded by the Street Division Operating Fund: \$27,985 for Design, \$27,385 for Project Management, \$19,775 for Inspection, and \$23,730 for Work by City Forces.

FISCAL IMPACT:

Funds for this \$1,582,000 Construction Contract are available in the Street Division Operating Fund 10440. \$98,875 for city forces work associated with this contract is also budgeted in the Street Division Operating Fund 10440.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-102: (Continued)

CITY MANAGER SUPPORTING INFORMATION:

This resurfacing contract is part of the City's annual street maintenance program. It provides for the repair and resurfacing of approximately 13 miles of asphalt streets citywide. Locations for resurfacing are chosen through the city's pavement management system, using the following criteria: age, oxidation, cracking, amount of patching, amount of traffic, and avoiding conflict with planned underground utility work. Failed areas of the pavement will be removed and repaired prior to resurfacing. The contract continues to require that asphalt adjacent to curbs and gutters is ground down prior to resurfacing to maintain current curb height and proper drainage. Approximately 5,300 tons of asphalt will be removed and recycled for use in later street maintenance activities. Also, included in this contract is the installation of curb ramps. Curb ramps will be placed at affected locations in accordance with ADA requirements.

Based on the above criteria, a preliminary list of locations to be resurfaced has been identified. However, in an effort to coordinate with underground utility work the list of locations for this project will not be finalized until just prior to the start of the contract. The Mayor and Council will be provided with a final list of streets as soon as it is available. Construction for this project is expected to begin in February 2004, and take approximately 3 months to complete. In addition to the construction contract of \$2,578,760, the following costs will be funded by the Street Division Operating Fund: Design=\$44,811; Project Management=\$43,823; Contract Inspection=\$44,824; Materials Testing & Surveying=\$61,997; City Forces=\$47,723, and are not a part of the construction contract.

FISCAL IMPACT:

Funds for this \$2,578,760 construction contract are available as follows: 1,789,178 from the Street Division Resurfacing Fund 104402, \$1,000,000 from CIP-59-001.0 Annual Allocation to be funded by TransNet Fund 30300, \$21,216 from Sewer Revenue Fund 41506, and \$11,544 from Water Department Fund 41500.

* ITEM-103: (Continued)

CITY MANAGER SUPPORTING INFORMATION:

This action will provide for the replacement of damaged concrete hard scape surfaces in all Council Districts. The Street Division maintains over 5,000 miles of sidewalks. Specific sidewalk and curb/gutter locations for this project were selected from the Street Division's general concrete repair backlog for non-tree root damaged sites. Locations which need repair are reported by City personnel, and/or residents. Street Division uses the following factors to identify and prioritize repair locations for both contractual services and City force work: the severity of the damage, the age of the request, other repair projects occurring at the same location, and utility conflicts. While the severity of the damage and the age of the request are the highest priorities, if best management practices dictate grouping jobs in the same geographic area, that course of action will be considered regardless of the age of the request. Damage rating factors from 1 to 4, with "1" being extensive damage to the right-of-way, "2" moderate, "3" routine, and "4" minimal damage, are also applied and considered in the prioritization.

It is projected that 121 locations will be completed by this contract. Locations to be repaired include sidewalks, curbs/gutters, cross gutters, bus pads and curb ramps throughout the city.

In addition to the amount of the construction contract, additional costs will be paid by the Street Division Operating Fund as follows: Design and Project Management=\$32,464, Inspection=\$23,543.

FISCAL IMPACT:

CITY MANAGER SUPPORTING INFORMATION:

This action will provide for the replacement of damaged concrete hard scape surfaces in all Council Districts. These locations involve the repair of sidewalks which have been damaged by parkway trees. The Street Division maintains over 5,000 miles of sidewalks. Specific sidewalk and curb/gutter locations for this project were selected from the Street Division's concrete repair backlog for tree root damaged sites. Locations which need repair are reported by City personnel and/or residents. Street Division uses the following factors to identify and prioritize repair location for both contractual services and City force work: the severity of the damage, the age of the request, other repair projects occurring at the same location, and utility conflicts. While the severity of the damage and the age of request are the highest priorities, if best management practices dictate grouping jobs in the same geographic area, that course of action will be considered regardless of the age of the request. Damage rating factors from 1 to 4, with "1" being extensive damage to the right-of-way, "2" moderate, "3" routine, and "4" minimal damage, are applied and considered in the prioritization.

It is projected that 224 City-wide locations will be completed by this contract. These proposed locations are sites which involve sidewalk, curb repairs, and pedestrian ramp installations.

In addition to the amount of the construction contract, additional costs will be paid by the Street Division Operating fund as follows: Design and Project Management=\$49,000, Inspection=\$29,750.

FISCAL IMPACT:

Funds for this \$350,000 Construction Contract are available in Street Division Resurfacing Fund 104402. \$78,750 for City Forces work associated with this contract is available in Street Division Resurfacing Fund 104402.

CITY MANAGER SUPPORTING INFORMATION:

This action will provide for the replacement of concrete sidewalks in Council District 3 which have been damaged by parkway trees. Council District 3 applied for and received a HUD 108 loan in FY 2003 and has designated \$544,000 to fund this repair project. Locations for the project were selected from Street Division's concrete repair backlog, along with citizen requests and input from the Council Office. The repair sites meet eligibility requirements as established by the Federal Government for Community Development Block Grants. It is projected that 266 locations in Council District 3 will be completed by this contract.

\$544,000 is being reprogrammed from CIP-52-336.0, Council District 3 75/25 Sidewalk Program, for the purpose of funding this construction contract and the preparatory root pruning work which is required. In addition to the amount of the construction contract and preparatory root pruning work, project administration costs are as follows: Design and Project Management=\$38,000, Inspection=\$13,500.

FISCAL IMPACT:

Funds for this \$412,500 Construction Contract and \$131,500 for the preparatory root pruning work and project administration are available in Fund 18521, Section 108 Public Improvements. CIP-59-002.0, Sidewalks - Replacement and Reconstruction.

CITY MANAGER SUPPORTING INFORMATION:

City Council approval is required to award a contract for the lease purchase of one (1) Heavy Rescue Apparatus, and one (1) Hazmat Apparatus per Bid No. 6268-04-Q, Sections 2 and 4, respectively, to the low, responsive and responsible Bidder meeting specifications, KME Fire Apparatus, Ontario, CA, for an estimated cost of \$1,404,600 (including tax), terms net thirty (30) days and four (4) Wildland Fire Engines per Bid No. 6268-04-Q, Section 3, to the low, responsive, and responsible bidder meeting specifications, Pierce Manufacturing, Inc., Appleton, WI, for an estimated cost of \$1,464,400 (including tax), terms \$500, net twenty (20) days, using the City's Equipment and Vehicle Financing Program, for a total estimated cost of \$2,869,000.

Heavy Rescue: This apparatus is the City's only special rescue vehicle. It carries tools not found on other Fire apparatus and is staffed by personnel with extensive training and experience in a wide variety of unique rescue scenarios. The apparatus is located in the downtown area and responds to city-wide rescue emergencies, from the border to the Del Mar and Escondido boundaries. It also responds to high rise structure fires in the downtown area. This apparatus will replace the current 1992 apparatus.

Wildland: These apparatus are especially designed for off-road operations. They carry a unique hose compliment that is designed for extended hose lays on wildland emergencies. They have the ability to pump water while they are moving. These apparatus routinely respond to wildland fires throughout San Diego and neighboring counties. They will provide for protected interior seating for the crew of four (4). They will replace four (4) apparatus that were constructed in 1978 and have unsafe external seating for two (2) crew members.

Hazmat: This apparatus is designed to provide the specialty needs for the City's Hazardous Materials team. This team supports the entire County of San Diego. The apparatus carries a library of references and research methods to abate various chemical, radiological, and biological emergencies. It has a small laboratory and storage space for the required personnel protective equipment. This apparatus replaces the City's current Hazmat 2, that was constructed in 1984.

Sixteen (16) potential bidders were contacted, nine (9) of which attended the mandatory pre-bid conference. Five (5) bids were received on September 5, 2003 per the tabulation. The recommendation is to award the contract to two (2) vendors: Sections 2 and 4 to KME Fire Apparatus, Ontario, CA, the low, responsive, and responsible bidder meeting specifications for a purchase price, including tax and terms, of \$1,230,548.10; and Section 3 to Pierce Manufacturing, Inc., Appleton, WI, the low, responsive, and responsible bidder meeting specifications for a purchase price, including tax and terms, of \$1,282,798.19. The combined purchase price, including tax and terms, is \$2,513,346.29.

FISCAL IMPACT:

It is proposed that the acquisition be financed using the City's Equipment and Vehicle Financing Program. For Fiscal Year 2005, the estimated payment for sales tax is \$181,000 and the estimated lease payment is \$192,000 pending approval of the Fiscal Year 2005 Budget by the Mayor and City Council. For Fiscal Year 2006 through Fiscal Year 2011, the estimated lease payment is \$384,000, and for Fiscal Year 2012, the estimated lease payment is \$192,000. The total estimated lease purchase cost is \$2,869,000, including tax.

- * ITEM-107: Awarding a Contract to Southwest Traffic Signal Service, Inc. for the Construction of Traffic Signal Improvements at Various Locations.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-578)

Awarding a contract to Southwest Traffic Signal Service, Inc. (Contractor), for the construction of Traffic Signal Improvements at Various Locations, for no less than \$50,000 and no more than \$1,000,000 annually, for the period between December 1, 2003, and November 30, 2004, renewable for one additional year thereafter;

Authorizing the City Auditor and Comptroller to expend an amount not less than \$50,000 and not greater than \$1,000,000 from TransNet Funds, through CIP-62-002.0, Construction of Traffic Signal Improvements at Various Locations, solely and exclusively, for the purpose of construction of the Project Contract, provided that the City Auditor and Comptroller first furnishes a certificate certifying that the funds necessary for expenditure are, or will be, on deposit with the City Treasurer;

Authorizing the City Auditor and Comptroller, upon direction of the City Manager, to reallocate the funding sources for TransNet Funds between TransNet Cash and Commercial Paper funded projects as may be appropriate to maximize the use of TransNet Cash and reduce the use of Commercial Paper funding for CIP-62-002.0, Construction of Traffic Signal Improvements at Various Locations.

CITY MANAGER SUPPORTING INFORMATION:

Traffic signal improvement projects can take two to three years from inception to completion when following the design-bid-build method for public works contracts. Many of the traffic signal improvement projects are disadvantaged by the process that is suited for more complex improvement projects. The General Requirements Construction Contract will reduce the time between when a smaller project is identified and when it is completed. The contractor bids unit prices on various items of work which are non-project specific. These prices remain in effect for the one-year term of the contract. After a project is identified, a site visit is scheduled where scope, specifics, and price are discussed by the City and contractor.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-568)

Authorizing and directing the City Auditor and Comptroller, in accordance with the 2004 Appropriation Ordinance, to amend the Capital Improvement Program budget for Fiscal Year 2004 to increase CIP-33-084.0, Underground Hazardous Materials Storage Tanks, by the amount of \$1,153,300;

Authorizing the City Auditor and Comptroller to transfer and appropriate the amount of \$1,153,300 as follows: \$53,300 from CIP Construction Fund No. 30244, CIP-32-021.0, Environmental Services Department Operations Yard Improvements; and \$1,100,000 from Water Utility Fund 41500, CIP-75-936.0, Aquifer Protection Program to CIP-33-084.0, Underground Hazardous Materials Storage Tanks, for the purpose of capturing all funds for the City's Underground Storage Tank Program in the appropriate CIP;

Authorizing the expenditure of an amount not to exceed \$1,153,300 from CIP Construction Fund No. 30244, CIP-33-084.0, Underground Hazardous Materials Storage Tanks, solely and exclusively, to provide funds for the City's Underground Storage Tank Program.

CITY MANAGER SUPPORTING INFORMATION:

In Fiscal Year 2003, the Underground Storage Tank Program received an allocation of \$1,100,000 from the Water Fund 41500, as part of companion CIP-75-936.0, Aquifer Protection Program (Program). The Program provides for the protection of the City's aquifer system through various improvements, including the removal, installation, closure, site assessment and mitigation, replacement, testing, and rehabilitation of existing underground storage tanks.

The proposed resolution will transfer \$1,100,000 from the Aquifer Protection Program CIP-75-936.0 and \$53,300 from the Environmental Services Department Operations Yard Improvements CIP-32-021.0 and into the Underground Hazardous Materials Storage Tank CIP-33-084.0, within Fund 30244, CIP Construction Fund. - * ITEM-111: Three actions related to Agreements for the Exclusive Use of the Qualcomm Stadium Parking Lot.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolutions:

Subitem-A: (R-2004-582)

Authorizing the City Manager to execute a three-year agreement with La Mesa RV Center, Inc., to conduct recreational vehicle sales in the Qualcomm Stadium Parking Lot.

Subitem-B: (R-2004-583)

Authorizing the City Manager to execute a three-year agreement with Show Biz Productions, Inc., to conduct home and garden shows in the Qualcomm Stadium Parking Lot.

Subitem-C: (R-2004-584)

Authorizing the City Manager to execute a three-year agreement with San Diego Auto Connection, to conduct used and new car sales in the Qualcomm Stadium Parking Lot.

CITY MANAGER SUPPORTING INFORMATION:

On August 8, 2003 a Request for Proposals (RFP) was issued to obtain proposals from organizations to conduct a wide variety of events in the Qualcomm Stadium Parking Lot. Exclusive rights would be given for a three year period (January 1, 2004 - Dec. 31, 2006) to those proposals that maximized the economic return to the Stadium. A total of 13 proposals were received in the following categories: 7 automobile sales; 1 recreational vehicles sales; 1 home show sale; 1 auto swap meet; 1 swap meet and farmers market; 1 auto racing; and 1 music and car show event. A committee consisting of Stadium management and members of the Qualcomm Stadium Advisory Board evaluated the proposals and conducted interviews with some of the proposers. Based on this evaluation, the committee recommended that exclusive rights be given in three categories: San Diego Auto Connection, for 5 used car and 2 new car auto sales; La Mesa RV Centers, Inc., for recreational vehicle sales and Show Biz Productions, Inc., for home and garden shows.

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-111: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

The selection of the car sale organization was the most difficult. Although, Tent Sales Management, Inc., the current organization for the last six years has done an outstanding job, their bid of \$170,000 per year, was the lowest bid received. San Diego Auto Connection's bid of \$391,000/year for 5 used car and 2 new car auto sales offers the greatest economic return for the number of events to be held. Although, there were higher bids from San Diego Auto Connection, the Selection Committee did not go with the higher bids because it would require scheduling additional car sales, which would reduce the flexibility to bring additional events inside the Stadium. San Diego Auto Connection has over 13 years of experience in conducting auto sales and has received good recommendations from other venues where they have conducted sales. La Mesa RV Center, Inc. has conducted RV sales for over 20 years at Qualcomm Stadium through a promoter and has put on good sales. Show Biz Productions, Inc. will bring two home and garden shows to the parking lot and this company has ideas for other events. It should be mentioned that organizations not selected in other categories (i. e. Auto Swap Meet and Flea Markets etc.), will still be given the opportunity to schedule events, but not on an exclusive basis. The Qualcomm Stadium Advisory Board at their October 2, 2003 meeting recommended approval of these three agreements.

FISCAL IMPACT:

The Stadium will receive total guaranteed annual revenues of \$508,000 from these three events. In addition, in accordance with the agreements, these organizations are required to pay all Stadium and City expenses associated with the events.

(R-2004-626)

Authorizing the City Manager to execute a Cooperative Agreement with the California Department of Transportation, for construction of the westbound on ramp, auxiliary lanes, and eastbound off ramp at the State Route 56/Camino del Sur Interchange;

Authorizing a \$1,700,000 increase to CIP-52-463.0, from Fund 79015 in the FY 2004 Capital Improvement Program Budget;

Authorizing the City Auditor and Comptroller to reduce the appropriation from Fund 79015 for CIP-52-725.0 from \$9,715,000 to \$6,215,000;

Authorizing the City Auditor and Comptroller to appropriate and expend an amount not to exceed \$5,200,000 from Fund No. 79015, for construction of CIP-52-463.0.;

Authorizing the City Manager to process an amendment to the Torrey Highlands Public Facilities Financing Plan by adding funds to total \$5,200,000, for CIP-52-463.0 in Fiscal Year 2004.

CITY MANAGER SUPPORTING INFORMATION:

City of San Diego and Caltrans staff have been working towards completing the construction of the Camino Del Sur Interchange as part of the State Route 56 project. In December 2002 the City of San Diego and Caltrans entered into a Cooperative Agreement to authorize Caltrans to design the westbound on ramp and auxiliary lane from Camino Del Sur to State Route 56 and the auxiliary lane and eastbound off ramp from State Route 56 to Camino Del Sur.

CITY MANAGER SUPPORTING INFORMATION: (Continued)

A construction Cooperative Agreement is now required to authorize the expenditure of \$5,000,000 to Caltrans for the construction of the westbound on ramp, auxiliary lanes and eastbound off ramp. Caltrans has estimated that constructing the on and off ramps and auxiliary lanes with the current construction of State Route 56 will save approximately \$2,200,000.

FISCAL IMPACT:

The \$5,200,000 of Torrey Highlands Facilities Benefit Assessment Funds will be transferred to CIP-52-643.0, State Route 56 - Carmel Valley Road to Black Mountain Road. The Cooperative Agreement makes the City of San Diego responsible to fund 100% of all costs associated with construction of the on and off ramp and auxiliary lanes.

CITY MANAGER SUPPORTING INFORMATION:

On October 2, 2000, the City entered into an Agreement with Westinghouse Process Control Inc., a Fisher-Rosemount Company (Westinghouse) to provide continuing maintenance services on hardware and software previously developed by Westinghouse pursuant to the Wastewater Operations Management Network (COMNET) contract. The original document is on file in the office of the City Clerk as Document No. RR-293910. At the end of the three year agreement, City Council recommended a competitive bid process for a new three year Maintenance Service Agreement for the COMNET system. This would test the marketplace and review if any local firms were interested in bidding the contract.

Emerson Process Management Power and Water Solutions, Inc., previously known as Westinghouse, (Emerson) was the only firm to submit a bid. In their response to the request for proposal, Emerson demonstrated the technical expertise to maintain, troubleshoot, and reprogram the COMNET system for operational use and preventative maintenance. In addition, Emerson is the manufacturer of the Distributed Control System and has the knowledge to understand the existing custom system configurations and how any software or hardware changes affect each other. All maintenance, as well as As-needed Engineering Services, shall be managed and provided from Emerson's local maintenance service center located across the street from the Metro Operations Center (MOC II). This maintenance shall include hardware and software services, third-party equipment interface and maintenance, and as-needed engineering services for system modifications and fine-tuning to increase operating efficiency. The estimated total cost for this three (3) year maintenance agreement is \$5,540,152 (FY 2004 [January 2004 - June 2004] - \$800,192; FY 2005 - \$1,800,384; FY 2006 - \$1,919,384; FY 2007 [July 2007 - December 2007] - \$1,020,192). \$4,269,000 will be funded from the Information and Organizational Support (IOS) budget on an annual basis; and \$970,000 will be funded from IOS from July 2007 to December 2007. \$250,960 will be funded from Wastewater Collection (WWCD) budget on an annual basis; and \$50,192 will be funded by WWCD between July 2007 to December 2007.

FISCAL IMPACT:

The total cost of this action is \$5,540,152. Funds are available in Sewer Fund 41509 (IOS) and Sewer Fund 41506 (WWCD), with future years allocations subject to annual appropriation by City Council.

* ITEM-114: Qualcomm Stadium Fee Schedule.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-585)

Declaring by the City Council that the New Fees shall be revised as set forth in the Qualcomm Fee Schedule;

Authorizing the City Manager to partially waive or increase such New Fees for one-time events;

Directing the City Clerk to amend the City Ratebook to include the New Fees;

Declaring that the Fees will become effective January 1, 2004.

CITY MANAGER SUPPORTING INFORMATION:

The Qualcomm Stadium fees for renting the Stadium and special event parking were last revised on January 1, 2001. These fees are reviewed periodically to determine the appropriateness of the fees, generate additional revenues to cover increases in maintenance costs, and to keep them in line with other facilities in California. As part of the review a survey was conducted of other facilities in California. The survey indicated that Qualcomm Stadium fees are equal to, or lower to, the fees being charged by other facilities, even with the proposed increases. Of the twenty-two (22) fees on the schedule it is proposed that twelve (12) fees be increased. The following fee changes are proposed to be effective on January 1, 2004: non-profit or private event on field from \$8,500 to \$10,000/day; rental of Plaza Concourse from \$1,500 to \$2,000/day (non-profit) and \$4,000 to \$5,000/day (commercial); Parking Lot non-profit weekend from \$1,250 to \$1,500/day/quadrant; Commercial event not open to public from \$1,250 to \$1,500/day/quadrant (weekday) and \$1,500 to \$2,000/day/quadrant (weekend) and commercial open to the public \$1,500 to \$2,000/day/quadrant (weekday) \$3,500 to \$4,000/day/quadrant (weekend); no free set-up or move out days; special event parking fees inside stadium from \$7.00-\$8.00 to \$8.00-\$10.00/vehicle; parking lot event parking fees from \$3.00-\$6.00 to \$3.00-\$8.00/vehicle; and television fees for broadcasting events from \$800 to \$1,000 for the first day.

The proposed fee schedule was sent to all regular users of the Stadium and there was no opposition to the fees. At the November 6, 2003 Qualcomm Stadium Advisory Board Meeting, the Board recommended approval of the fee schedule.

(See City Attorney's report dated 11/3/2003.)

CITY ATTORNEY'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-612)

Authorizing the City Manager, or his designee, to apply to HUD for a Section 108 loan not to exceed \$280,000, for supplies and materials related to the construction of Camp Hope and to set forth the legal authority and certifications necessary for such an application;

Authorizing the City Manager to accept such funds; to expend such funds contingent upon receipt of an Auditor's Certificate to do so; to conduct all negotiations related to the loan; and to execute and submit all documents related to the processing of such a loan;

Authorizing the City Manager to use Council Districts 1, 3, and 8 Community Development Block Grant (CDBG) annual allocations for 10 years as the source of repayment of the HUD Section 108 loan as follows: District 1, \$10,000 per year; District 3, \$10,000 per year; and District 8, \$15,000 per year beginning in FY 2005;

Authorizing the City Manager to amend the CDBG 2004 Action Plan to reflect the use of HUD Section 108 loan funds for the Camp Hope Project;

Authorizing the City Manager to pledge the City's annual CDBG entitlement grants as additional security for the repayment of the loan;

Authorizing the City Manager to pledge up to \$350,000 of the final year of CDBG funding as collateral for the HUD 108 loan, in the event of future elimination of the CDBG program by Congress; negotiate with HUD to substitute this pledge by encumbering the improvements planned for Camp Hope when such improvements have been completed, or with other suitable collateral as may be negotiated by the City Manager to satisfy the collateral requirements for the HUD 108 loan for the Camp Hope Project.

* ITEM-116: City of San Diego Assessment District No. 4096 (Piper Ranch).

(Otay Mesa Community Area. District-8.)

DEPUTY CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-622)

Authorizing the issuance of not to exceed \$5,935,000 aggregate principal amount of City of San Diego Assessment District No. 4096 (Piper Ranch) Limited Obligation Improvement Bonds, approving the execution and delivery of an indenture, a Bond Purchase Agreement and a Continuing Disclosure Certificate and the preparation of an Official Statement and other matters related thereto.

DEPUTY CITY MANAGER SUPPORTING INFORMATION:

In March 24, 2003, the City Council adopted Resolution Number R-297755, which accepted a petition from Piper Ranch, LLC, to initiate special assessment proceedings for the purpose of establishing an assessment district on land located in Otay Mesa, and to Finance (through the issuance of special assessment bonds under the Improvement Bond Act of 1915) the acquisition of public improvements required in connection with development. Specifically, the assessment district, Assessment District No. 4096 (Piper Ranch)(the "Assessment District"), contemplates financing the acquisition of road (Piper Ranch Road, Air Wing Road, Aviator Road, Approach Road, and Dead Stick Road), sewer, and storm drain improvements, all of which will be owned by the City, and which will benefit property within the Assessment District. The resolution adopted on March 24, 2003 also approved the boundary map for the Assessment District, declared the intention to order the acquisition of public improvements in the Assessment District, designated NBS Government Finance Group as the Engineer of Work, and approved the Purchase and Finance Agreement between the City and Piper Ranch, LLC. On the same date, the City Council adopted Resolution Number R-297756, which approved the Preliminary Assessment Engineer's Report, provided for the mailing of a Notice of Assessment and an Assessment Ballot to affected property owners, and set the time and place for a public hearing of protests on the proposed levy of assessments and matters set forth in the Preliminary Assessment Engineer's Report (See Report No. 03-044).

ADOPTION AGENDA, CONSENT ITEMS (Continued)

RESOLUTIONS: (Continued)

* ITEM-116: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

The City Council held a noticed public hearing on May 13, 2003. No protests were received by the City, or at the public hearing. The City Clerk certified that all ballot(s) cast were in favor of the levy of assessments. The City Council then adopted Resolution Number R-297952, which overruled any and all objections and protests to the assessments, approved the Assessment Engineer's Report, authorized the levy of assessments, ordered the acquisition of public improvements, and determined assessments remaining unpaid.

Today's action will: authorize the issuance of the City of San Diego Assessment District No. 4096 Limited Obligation Improvement Bonds in an aggregate principal amount not to exceed \$5,935,000; approve the form of a Bond Indenture ("Indenture"), Bond Purchase Agreement ("BPA"), Preliminary Official Statement ("POS"), Continuing Disclosure Certificate; and provide for the preparation of a final Official Statement. The Indenture is an agreement between the City and the trustee which pledges assessments to the repayment of the bonds, sets forth the terms of the bonds, and contains the responsibilities and duties of the trustee and the rights of the bondholders. The BPA is an agreement between the City and Stone & Youngberg LLC [Underwriter] for the initial purchase of the bonds. The POS is a document that describes the bond issuance to the marketplace, and the Continuing Disclosure Certificate requires the City to make secondary market disclosure on an annual basis to comply with federal securities regulations. Today's action would also authorize the Assistant City Manager, Deputy City Manager, City Treasurer, and their designees to execute and deliver the documents and take actions related to the proper sale and delivery of the bonds.

FISCAL IMPACT:

All costs related to Assessment District No. 4096 have been funded by Piper Ranch, LLC. The costs related to establishing and administering the Assessment District and financing the public facilities will ultimately be borne by owners of property within the Assessment District, through the collection of assessments, during the term that bonds remain outstanding.

* ITEM-117: Grant Application for Famosa Slough Culvert Extension Project.

(Peninsula Community Area. District-2.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-591)

Authorizing the City Manager, or his representative, to apply to the California Coastal Conservancy (CCC), for the grants to provide for the completion of the Famosa Slough Culvert Extension Project, reactivating the tidal flow culvert between Famosa Slough and the Pacific Ocean beneath West Point Loma Boulevard (Project);

Authorizing the City Manager, or his representative, to take all necessary actions to secure the grants and to negotiate and execute all agreements necessary to comply with the CCC's grant requirements;

Authorizing the City Manager to accept the grants, if they are secured;

Authorizing the City Auditor and Comptroller to establish special interest-bearing funds for the grants;

Authorizing, upon receipt of fully executed grant agreements, an increase of \$219,500 to the Fiscal Year 2004 Capital Improvement Program Budget CIP-29-620.0, Famosa Slough Culvert Extension;

Authorizing the City Auditor and Comptroller, upon receipt of fully executed grant agreements, to appropriate and expend an amount not to exceed \$219,500 from CIP-29-620.0, Famosa Slough Culvert Extension, for the Project.

CITY MANAGER SUPPORTING INFORMATION:

This action authorizes the Manager to secure and expend funding to complete the Famosa Slough Culvert Extension Project as identified in the Famosa Slough Enhancement Plan, November 1993.

CITY MANAGER SUPPORTING INFORMATION: (Continued)

The project reactivates the tidal flow culvert between Famosa Slough and the Pacific Ocean beneath West Point Loma Boulevard. Restoration of the culvert will allow tidal exchange to ensure sustainability of the wetland's fragile ecosystem.

In 1999, the Southern California Wetlands Recover Project (SCWRP) of the California Coastal Conservancy agreed to fund the Famosa Slough Culvert Extension and Retrofit project. City Council Resolution R-291777 adopted on June 21, 1999 authorized the Manager to apply for and accept grant funds for the project. The Coastal Conservancy has agreed to provide funding in phases for the project. This action will allow the Manager to apply for additional funding as each phase is completed as well as expend the funding to complete the current pre-construction phase of the project.

FISCAL IMPACT:

Phase 2 of the Famosa Slough Culvert Extension Project is funded with \$90,000 grant funding from the California Coastal Conservancy, of which \$70,500 was previously authorized and \$19,500 is added with this action. Funding for future phases of the project, including the \$200,000 for construction, will be requested from the Conservancy as each preceding phase is complete.

CITY MANAGER SUPPORTING INFORMATION:

The State of California Department of Parks and Recreation administers the Per Capita and Roberti-Z'berg-Harris (RZH) Block Grant Programs under the California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Act of 2002. The intent of the Per Capita Program is to maintain a high quality of life for California's growing population by providing a continuing investment in parks and recreational facilities through the acquisition and development of neighborhood, community, and regional parks and recreation lands and facilities in urban and rural areas. The RZH Grant Program is intended to meet the urgent need for safe, open, and accessible local park and recreational facilities for increased recreational opportunities that provide positive alternatives to social problems.

This action, in conjunction with Council Resolution R-298036 adopted on June 3, 2002, authorizes the City Manager to apply for \$11,063,430 in grant funds, appropriated by the State of California as the City of San Diego's population - based allocation from the 2002 Resources Bond. The funds can be used for acquisition of park land and capital improvements to parks. This action identifies some park sites to be improved with the funding, and future actions will request additional park sites for improvements.

FISCAL IMPACT:

The City will receive \$11,063,430 for capital improvements to parks. This action identifies \$1,420,000 in initial funding for specific projects. Future Requests for Council Action will identify additional park sites to be improved. No local matching funds are required for these grant proposals.

Certifying that the City has, or will have, prior to commencement of work on these Projects, sufficient maintenance funds;

Declaring that City Council understands the assurances and certification in the application form;

Declaring that City Council has reviewed and understands the special and general provisions contained in the sample project agreement shown in the procedural guide.

CITY MANAGER SUPPORTING INFORMATION:

The State of California Department of Parks and Recreation administers the Murray-Hayden Urban Parks and Youth Service Program under the California Clean Water, Clean Air, Safe Neighborhood Parks and Coastal Protection Act of 2002. The intent of this program is to provide grant funding for capital projects including parks, park facilities, environmental enhancement projects, and youth centers that are within immediate proximity of neighborhoods with a critical lack of parks or deteriorated park facilities in areas with significant poverty and unemployment and shortages of services for youth. Priority is given to projects that employ neighborhood residents and at-risk youth.

This action authorizes the City Manager to submit two competitive grant proposals to the State of California Department of Parks and Recreation. Two proposals being submitted are for 1) Paradise Hills Community Park: the Development of a 10,000 square foot skate park, comfort station, office kiosk, accessible walkways, picnic tables, benches, parking lot improvements, and a 20-station exercise par course; 2) Bay Terraces Community Park: construct a 4,500 square foot community center, basketball courts, development of 2.7 acre joint-use facility with multi-purpose sports fields, and parking lot. CITY MANAGER'S SUPPORTING INFORMATION:

California Health and Safety Code section 11364.7 (effective January 1, 2000) acknowledges the public health threat posed by the sharing of needles and syringes by injection drug users. The Code requires a local jurisdiction to declare a local emergency due to the existence of a critical local public health crisis in order to establish a clean needle and syringe exchange program. In order to permit development and implementation of a pilot clean needle and syringe exchange program, today's action continues the state of emergency first declared by the City Council on November 27, 2001.

ITEM-150: Two actions related to Approving the Plans and Specifications and Inviting Bids for the Construction of the Sorrento Valley Trunk Sewer and Pump Station 89 and Prevailing Wage Findings.

(See memorandum from Frank Belock Jr. dated 9/15/2003. Torrey Pines, Torrey Hills, and University City Community Areas. District-1.)

TODAY'S ACTIONS ARE:

Adopt the following resolutions:

Subitem-A: (R-2004-150)

Declaring that the City Council finds and determines that requiring the payment of prevailing wages on the Sorrento Valley Trunk Sewer & Pump Station 89 Project (Project) will provide an economic benefit as follows:

- a. Stimulate advantageous marketplace competition by providing both union and non-union contractors equal opportunity to compete for the contract;
- b. Provide a cost benefit to the public by ensuring that the project will be adequately built by a skilled labor force and minimize the occurrence of costly delays that could result from the use of an unskilled labor force; and
- c. The public benefits described above will outweigh any potential increase in costs;

Approving the plans and specifications for the construction of the Project, including the prevailing wage specification, on Work Order No. 173771;

Authorizing the City Manager, after advertising for bids in accordance with law, to establish contract funding phases and to award the Project contract to the lowest responsible and reliable bidder in an amount not to exceed \$11,885,973, provided that the City Auditor and Comptroller first furnishes one or more certificates certifying that the funds necessary for expenditure under established contract funding phases are, or will be, on deposit with the City Treasurer;

Authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$377,054 from Sewer Fund 41506, CIP-40-928.0, South Pacific Highway Trunk Sewer – Phase II, to Sewer Fund 41506, CIP-46-197.0, Sorrento Valley Trunk Sewer and Pump Station 89, for the Project;

Authorizing the City Auditor and Comptroller to expend, solely and exclusively, an amount not to exceed \$13,756,413 from Sewer Fund 41506, of which \$12,740,518 is from CIP-46-197.0, Sorrento Valley Trunk Sewer and Pump Station 89, for construction and Project related costs, and \$1,015,895 is from Sewer Fund 41506, Annual Allocation – Pooled Contingency, for Project contingency costs, provided that the City Auditor and Comptroller first furnishes one or more certificates certifying that the funds necessary for expenditure are, or will be, on deposit with the City Treasurer;

Authorizing the City Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves. (BID-K04604C)

Subitem-B: (R-2004-151)

Stating for the record that the information contained in the final Mitigated Negative Declaration LDR-41-0183, including any comments received during the public review process, has been previously reviewed and considered by the Hearing Officer of the City of San Diego, and it is determined that no substantial changes or new information of substantial importance within the meaning of CEQA Guideline Section 15162 would warrant any additional environmental review in connection with approval of the construction of the Project;

Directing the City Clerk to file a Notice of Determination (NOD) with the Clerk of the Board of Supervisors for the County of San Diego regarding the Project.

NATURAL RESOURCES AND CULTURE COMMITTEE'S RECOMMENDATION:

On 9/24/2003, NR&C voted 3 to 0 to approve. (Councilmembers Frye, Madaffer, and Inzunza voted yea. Councilmembers Zucchet and Lewis not present.)

ITEM-150: (Continued)

SUPPORTING INFORMATION:

The Sorrento Valley Trunk Sewer & Pump Station 89 are located in the Torrey Hills, Torrey Pines, and University City community areas. The existing Sorrento Valley Trunk Sewer System is approximately 50 years old and has exceeded its service life. The purpose of this project is to divert and redirect all sewage flow from the deteriorated clay pipe trunk sewer located in the environmentally sensitive Peñasquitos Lagoon in the Torrey Pines State Reserve to new sewer pipes in the street right-of-way. The project consists of construction of a new underground pump station, emergency storage tank, generator, and installation of approximately 7,857 feet of gravity sewer, and 3,182 feet of force main. This new system will eliminate the need for the old Trunk Sewer and provide improved sewer service to the community.

During design, the Project Manager and Project Engineer presented the project to three different community groups for approval (University City on July 9, 2002, Torrey Pines on July 16, 2002) and information (Sorrento Hills on October 9, 2000, and July 17, 2001, as well as Torrey Pines on June 14, 2001, and June 14, 2002). Nearby residents will be notified by mail at least one (1) month before construction begins by the City's Engineering and Capital Projects Department and again ten (10) days before construction begins by the contractor through hand distribution.

Pursuant to Council Resolution R-298185, this project will be awarded subject to Prevailing Wage Rates if the City Council determines that requiring the payment of prevailing wages on this project would provide an economic benefit to the City. Based on the scope of this project, which includes a new underground pump station, emergency storage tank, and generator, the City Manager recommends the following findings of economic benefit resulting from a prevailing wage requirement: stimulating advantageous marketplace competition by providing both union and non-union contractors equal opportunity to compete for the contract; providing a cost benefit to the public by ensuring that the project will be adequately built by a skilled labor force and by minimizing the occurrence of costly delays that could result from the use of an unskilled labor force; and that the public benefits described above would outweigh any potential increase in costs.

ITEM-201: Continuation of Contract with Kachina Aviation to Provide Helicopter Services for the San Diego Regional Fire and Rescue Helicopter Program.

(See City Manager Report CMR-03-121.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-594)

Authorizing the expenditure of an amount not to exceed \$456,890 from Fund No. 102241, exclusively to provide funds for two months of helicopter services under the existing contract with Kachina Aviation;

Authorizing the City Manager to acquire additional helicopter services under the above contract for the Regional Fire and Rescue Helicopter Program, with total funding for Fiscal Year 2004 not to exceed \$1,886,051, and provided that the City Auditor and Comptroller furnishes one or more certificates demonstrating that funds necessary for expenditure are, or will be, on deposit in the City Treasury.

CITY MANAGER SUPPORTING INFORMATION:

In June 11, 2003, the Mayor and City Council approved City Manager's Report Number 03-121. This report authorized the following; 1) Establishment of a countywide seasonal Fire and Rescue Helicopter Program (Helicopter Program) with helicopter service provided by a private vendor under the direction of San Diego Fire and Rescue Department. 2) Approval of agreements with the Service Authority for Freeway Emergencies (SAFE) and the County of San Diego to accept and disperse funding from these sources for the Helicopter Program. 3) Execution of a contract with Kachina Aviation to provide helicopter services needed to operate the regional Helicopter Program. Under the contract, Kachina Aviation provided a Bell 212HP twin turbine helicopter, equipped with a 375 gallon water dropping tank, rescue hoist and searchlight. Additionally, the company provided the pilots, maintenance engineers, maintenance, fuel, fuel servicing vehicle, fuel servicing vehicle driver, required equipment and insurance.

RESOLUTIONS: (Continued)

ITEM-201: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

The Helicopter Program officially started on June 25, 2003 and operated for one hundred and twenty days. The purpose of the Helicopter Program was to provide multi-mission emergency services to the City and County of San Diego during the height of the wildfire season. During this operational period the helicopter, designated as Copter 1, responded to over one hundred and thirty-five emergencies including wildland firefighting, vehicle accident response, water rescue, technical air rescue, medical incidents and animal rescue. Copter 1 and crew were available for use, at no cost, to all public safety agencies in San Diego County. Fire agencies that are signatory to the San Diego County Fire Mutual Aid Agreement also had full access to the helicopter and crew at no cost during the first operational period.

The cost of the one hundred and twenty day Helicopter Program was approximately \$808,870 and was directly funded by SAFE private donors, corporate sponsors and the County of San Diego. The City of San Diego provided approximately \$100,000 in in-kind operational support for the Helicopter Program by utilizing existing staff and resources.

The contract with Kachina Aviation officially expired at midnight on October 22, 2003 and Copter 1 was scheduled to return to Idaho on Friday, October 24. Due to existing wildfires in Southern California and forecasted weather conditions, the California Department of Forestry (CDF) entered into a "call when needed " emergency contract with Kachina Aviation to put Copter 1 into service under CDF's jurisdiction. The helicopter was assigned to the fires in San Bernardino County. On October 26, the City requested Copter 1 return to San Diego and took over the contract with Kachina Aviation. On October 27, CDF released Copter 1 and it returned to San Diego to help fight the Paradise and Cedar Fires and coordinate air resources within the City.

Given the devastation caused by recent wildfires in San Diego County, the Mayor and City Manager have requested that the Helicopter Program and contract with Kachina Aviation be extended until a permanent, countywide fire and rescue helicopter program is established and funded in San Diego County. The existing contract with Kachina Aviation is for a minimum of 120-days beginning on June 25, 2003 through June 24, 2004 with an option to renew the contract for an additional four (4) one (1) year periods.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

RESOLUTIONS: (Continued)

ITEM-201: (Continued)

FISCAL IMPACT:

The estimated monthly cost of the Helicopter Program is \$230,945 for a 9-hour day, 7-day a week operation with a call back provision for hours outside the 9-hour day. This cost includes the full-service month to month contract with Kachina Aviation, the monthly lease at Montgomery Field, an aerial needs assessment for the region and Fire-Rescue Department personnel. Funding to be encumbered at this time is \$456,890 for the additional two months to be funded from the Major Events Revolving Fund as a temporary placeholder until a more permanent funding source can be identified. Funding for FY04 shall not exceed \$1,886,051. Staff will continue to seek contributions from other public agencies, sponsors and donors to offset the City's cost for the Helicopter Program.

ITEM-202: Awarding a Contract to Lease Purchase Two (2) Pieces of Light and Air Supply Apparatus on behalf of Fire-Rescue Department.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-2004-576))

Awarding a contract to Pierce Manufacturing, Inc., Appleton, WI, for the lease purchase of two Light and Air Fire Apparatus with full maintenance, total estimated cost of \$1,135,800, including tax and terms;

Authorizing the City Manager to finance this acquisition under the Equipment and Vehicle Lease Program over a period of seven years;

Authorizing the Fiscal Year 2005 expenditure of an amount not to exceed \$71,800, from Fund No. 100, Department No. 120, Organization No. 2252, Object Account No. 6029, Job Order No. 5700, for cash payment of sales tax for said contract, subject to approval of the FY 2005 Budget by the Mayor and City Council and the issuance of an Auditor's Certificate;

Authorizing the Fiscal Year 2005 expenditure of an amount not to exceed \$76,000, from Fund No. 100, Department No. 120, Organization No. 2252, Object Account No. 6019, Job Order No. 5700, for the FY 2005 lease payment under said contract, subject to approval of the FY 2005 Budget by the Mayor and City Council and the issuance of an Auditor's Certificate;

Authorizing the City Auditor and Comptroller upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves.
(BID-6268-04-Q)

CITY MANAGER SUPPORTING INFORMATION:

City Council approval is required to award a contract for the lease purchase of two (2) Light & Air Fire Apparatus, Bid No. 6268-04-Q, Section I, using the City's Equipment and Vehicle Financing Program, for an estimated cost of \$1,135,800, including tax, terms \$500 net twenty (20) days.

ADOPTION AGENDA, DISCUSSION, OTHER LEGISLATIVE ITEMS (Continued)

RESOLUTIONS: (Continued)

ITEM-202: (Continued)

CITY MANAGER SUPPORTING INFORMATION: (Continued)

The Light and Air Apparatus provides illumination and fills self-contained breathing apparatus and bottles at an emergency scene. With the Light and Air Apparatus, fire fighters have an independent source of oxygen and will not suffer from smoke inhalation. The Light and Air Apparatus is used by the Fire and Rescue as well as the Police Department at critical night incidents.

Sixteen (16) potential bidders were contacted, nine (9) of which attended the mandatory pre-bid conference. Five (5) bids were received on September 5, 2003 per attached tabulation. The recommendation is to award the contract to Pierce Manufacturing, Inc., Appleton, WI, the low responsive and responsible bidder meeting specifications. The purchase price, including tax and terms, is \$996,631.

FISCAL IMPACT:

It is proposed that the acquisition be financed using the City's Equipment and Vehicle Financing Program. For Fiscal Year 2005, the estimated payment for sales tax is \$71,800 and the estimated lease payment is \$76,000 pending approval of the Fiscal Year 2005 Budget by the Mayor and City Council. For Fiscal Year 2006 through Fiscal Year 2011, the estimated lease payment is \$152,000 and for Fiscal Year 2012, the estimated lease payment is \$76,000. The total estimated lease purchase cost is \$1,135,800 including tax.
